10 BENEFITS OF VUSAFE STORM PANELS VS IMPACT WINDOWS & DOORS

1. Code Compliance with More Benefits.
2. Huge Cost Savings.
3. **No Water Leakage** – even the best impact window has a low water pressure rating and can leak in a high wind event.
4. **Protection from Sandblasting** – anywhere near the beach, dunes or the bluffs, wind driven dust, dirt and sand can degrade your windows, frames, hardware and glazing.
5. Added Energy Savings.
6. **UV Light Protection** – VuSafe panels filter 100% of UV light, reducing fading of fabrics and artwork.
7. **Security** – Reduce the risk of vandalism and provides peace of mind while away from property.
8. **Unrestricted Designs** – Any window/door in any combination, any way you want.
9. **Seasonal Closure** – Extend the life of your windows and lower your maintenance costs.
10. Your Customers will Love it!
